About Central Library, GKCIET

GKCIET Library was established along-with the Establishment of the Institute in 2010. The library, a learning resource Centre being an integral part of the academic and research work. The Institute Library provides books, journals as well as current information on various topics to fulfil the need of the institute communities. Since inception of the Institute, the library has been serving the various components of the institute's community viz. teachers, students, officers and staff towards the fulfilment of their objectives. GKCIET Library is the only library in North Bengal region under CFTI, which facilitates research and higher learning by providing books, journals and other documents to the teachers and students. GKCIET Library has built up a rich collection on various branches of Engineering, Science, Arts, and Management.

The GKCIET library is advanced by library automation software named Koha Integrated Library Management Software (ILMS). Which helps our Students & Staff members to search any type of library materials within fraction of second. All reading digests are bar-coding. Books are classified on Dewey Decimal Classification (DDC) techniques.

Key Highlights

About the National Digital Library of India

The National Digital Library of India (NDLI), an initiative by the Ministry of Education and NMEICT, is a digital repository offering a single-window search for diverse learning resources. Sponsored by the Government of India and developed by IIT Kharagpur, NDLI provides user-specific services for exam preparation, research, and general learning. It supports multiple Indian languages and caters to all academic levels, disciplines, and access devices, including resources for differently-abled learners. NDLI aims to enable efficient learning and interlinked exploration from global best practices. It is a singlewindow platform providing learning resources that make e-learning and education accessible to all. It brings digital repositories from India and the world to users of all demographics. For more details visit <https://www.ndl.gov.in>

Objectives of the Workshop

The Workshop will offer intensive training for library professionals, and information scientists and information seekers in NDLI and NDLI Club. Participants will learn through hands-on experience and expert instructions for using NDLI and NDLI club portal. The one-day workshop will cover the following topics:

- ✓ Use of NDLI & NDLI Club
- ✓ Future Road Map of NDLI & NDLI Club
- ✓ National Digital Library of India– Vision, Mission, Overview, and Design
- ✓ Role of NDLI Club Administration and setting up of NDLI club in the institute.

Who Should Attend the Workshop

Academicians, Library Professionals, Educational Administration and Faculties.

Certificates

Certificates will be provided only to those participants who will attend all the sessions at the end of the workshop.

WHY NDLI

The National Digital Library of India is a virtual repository of learning resources. It provides free access to millions of books, articles, videos, and educational materials. Developed by IIT Kharagpur, it supports students, teachers, and researchers across diverse subjects and languages.

Registration for the Workshop

Interested participants are encouraged to apply by filling up the application form, which is available at the link provided below. Please ensure that your application is submitted on or before **31st August 2026**. We have limited seats, so apply early to secure your chance to join the Workshop.

(<https://forms.gle/875iFC9fNhK4bJTq8>)

Food and Snacks

Refreshments and meals for all participants on the day of the workshop, **2nd September 2026**, will be graciously provided free of charge, courtesy of the generous sponsorship by the National Digital Library of India (NDLI).

Workshop Organizers

The workshop is being jointly organized by **Ghani Khan Choudhury Institute of Engineering and Technology** in collaboration with the National Digital Library of India (NDLI) and the Indian Institute of Technology Kharagpur (IIT Kharagpur). The event is designed to provide a meaningful platform for knowledge sharing, professional interaction, and the exchange of innovative ideas related to digital education and learning resources.

This workshop will bring together leading experts from the NDLI project at IIT Kharagpur alongside librarians, educators, and students from **Malda** and surrounding districts. Participants will have the opportunity to engage with experienced speakers and gain valuable insights into emerging trends, digital tools, and technologies that are transforming the education and library ecosystem.

The technical sessions will feature informative and engaging presentations by expert speakers from NDLI, IIT Kharagpur, covering relevant aspects of digital learning, information access, and technology-enabled education. The workshop aims to strengthen digital literacy, encourage effective use of online educational resources, and promote wider access to quality digital learning materials among students, educators, and library professionals. It will also encourage collaboration and inspire participants to adopt innovative approaches in education and knowledge management.

How to reach GKCIET

From Malda Town Railway Station:

Reserve or shared totos and auto-rickshaws are readily available outside the main exit of Malda Town station.

From Rathbari Bus Stand:

Take a toto or auto-rickshaws to the Rathbari Bus Stand or Bandh Road area, where local buses heading towards Narayanpur pass through regularly.

IMPORTANT DATES

Last date of Registration : 31st August 2026

Workshop Dates : 2nd September 2026
